TO THE FACULTY AND STUDENTS:

I want to express to you, the students and teachers of Intermediate High School, my appreciation for your efforts to make this school what it is.

At the present time our school does not have many of the building facilities needed, but the students and teachers are making the best of the facilities we do have. Although it may seem to be a hardship at the present time, these are the things that memories are made of. Such things as . . . no gym and having the pep assemblies out in the hot sun or the cold wind . . . having no cafeteria and eating a sack lunch in you classroom . . . having to share a locker . . . the teacher that had to "look" for a classroom every hour.

I believe the student and teachers will look back on the first two years of the Intermediate High School and say, "It worked because we made it work." It is a great honor for me to be associated with such a group.

We will miss our first "graduating" class of Sophomores for they are the ones that helped establish the spirit and pride of our school.

There were many new changes in the Intermediate High School this year. The school and its student body doubled in size. These changes are reflected in our yearbook: a new size; a new staff; a new sponsor.

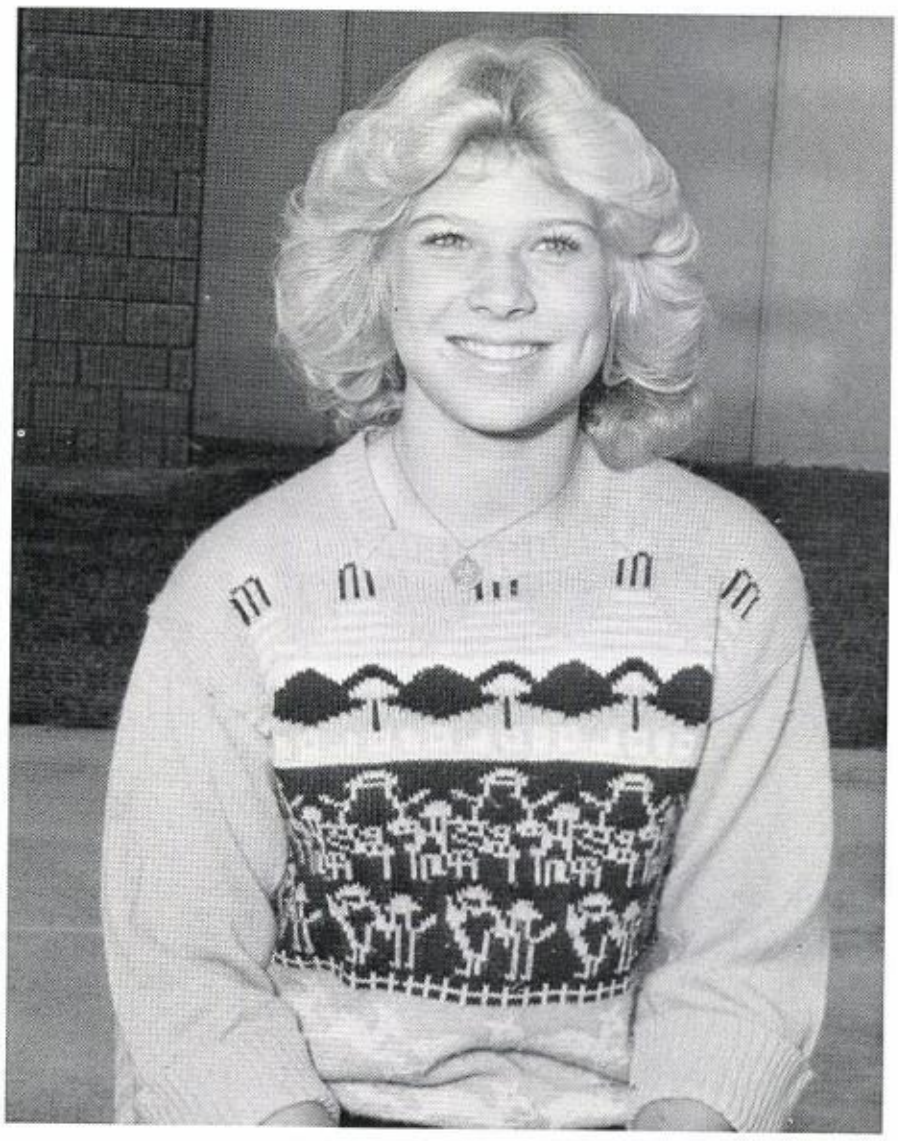
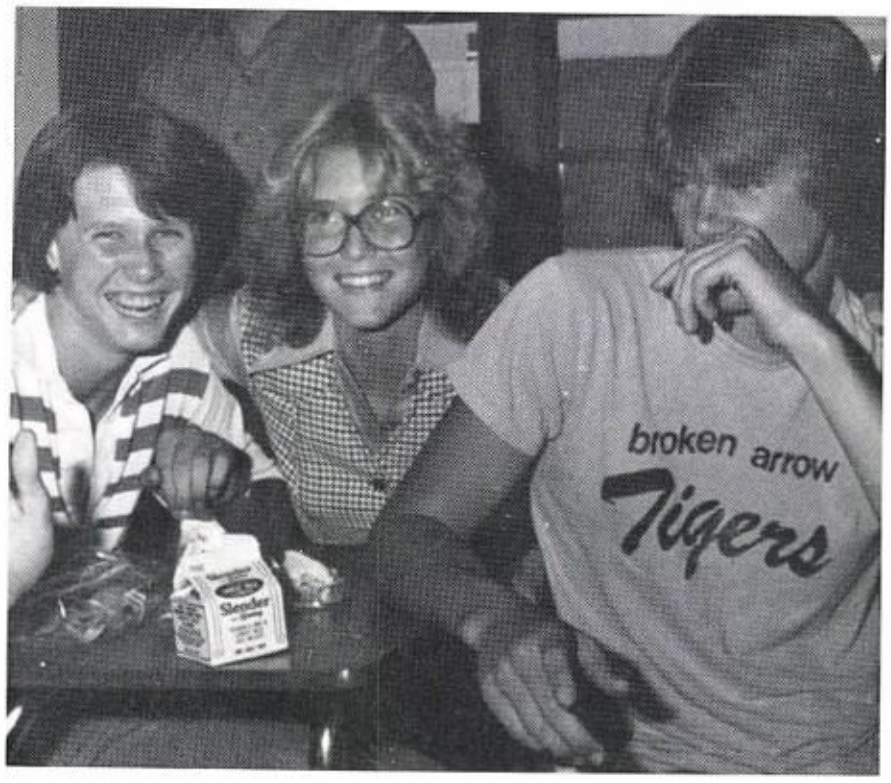
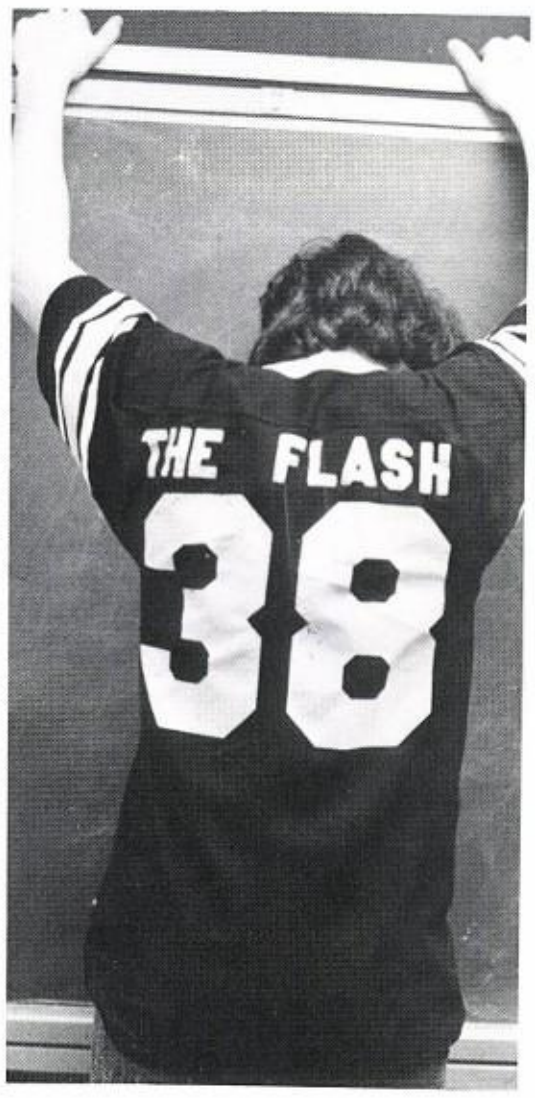
The Tiger staff wishes to express our sincerest thanks to Mr. Tom Mancino, representative of the Intercollegiate Press, for his encouragement, his help, and his work on our behalf.



Terri Edwards–Football Attendant





To Mrs. Risenhoover and the Annual Staff, I extend my congratulations for a job well done. It is my earnest hope that in the future years, you and all the students may look through this yearbook and that their lives will be enriched by the happy memories of the time spent at Broken Arrow Intermediate High School.

Everett Putman

Kim,
Boy is this ever hard. I really don't know where to start. We've been friends for almost 5 years now & I've really had a blast. You're something really special to me & always will be. We've got a special kind of friendship & I'm really glad it's lasted this long & hope it lasts even longer.
BFF
Love ya,
Karen

Kim,
I'm sorry the problems I caused this year but I'm glad I got to know you. You really made this a good year. I hope to see you this summer. I hope I have some classes with you next year. I like you a lot.
I really I'm sorry.
Barry.

-Kim-
ENJOYED IT THIS YEAR, FOR SURE I KNOW YOU DID

SCOTT WARD

inter collegiate press, inc.

Kim, we've been friends for a long time and I want you to know it's meant alot to me. I hope we will always continue to be friend. I know every once in a while we have our little spats but we wouldn't really be friends if we didn't. keep in touch during the summer. and I will too.
I love you just like a sister. Love, F.
Andrea

Kim,
Well, here goes
its seems like just
yesterday we were signing
annuals at central but
now its time to sign them
at I.H.S. you know that we've
kinda had our differences
year but somehow we always seem
to work them out, & know-we'll never
could have been closer but well
have been closer over the summer

having you as a best friend. Lets always stay close.
I could go on writing but we've got telephones to talk
